The new Navigator models – faster, smarter, more stylish

Discover the latest Navigator RIBs from BRIG, showcasing enhanced handling, unparalleled stability, and a unique design. Versatile and well-suited for a range of water sports, these boats promise excitement and enjoyment with friends and family. Don't miss the opportunity to explore the Navigator 22 and Navigator 24, along with the complete Eagle series, all on display in Hall 9 (Stand A26) at boot Düsseldorf. Our knowledgeable team of German and European dealers will be on hand to provide personalized advice and insights.

The Navigator series: a success story

The Navigator RIBs have a special hull shape and an extended stern for more speed, as well as a longer waterline and a deep V-keel for stable handling. High-quality materials such as ORCA®, Silvertex® fabric as well as SeaDek® flooring ensure durability, excellent anti-slip properties and a chic design. All new Navigator boats can also be upgraded with optional features such as fishing or diving accessories (N22, N24, N26) and a twin engine (N24, N26).

BRIG, founded in 1991, today is a leader in the industry

BRIG was founded in 1991 and is the leading RIB brand in Scandinavia, France, Great Britain, the Netherlands, Australia as well as the USA with a growing fan community in Germany. The precise production, the very good price-performance ratio, the large dealer network, and the stable and purposeful way the RIBs cut through the water make BRIG stand out.

The boot Düsseldorf 2024

The boot Düsseldorf is one of the most important and the biggest of all boat shows in the world. Over 1,500 national and international exhibitors will present their most popular classics and/or exciting new releases on 220.000 square meters. There will also be seminars and hands-on activities such as workshops and speeches.
